Proposed Project Location: 7111 Wellington Rd 124, ON, N1H 6J3

*A short presentation will be made at 6pm with a formal Q&A period will be held afterwards, and we will be available to answer your questions throughout the duration of the event

Shift Solar Inc. is developing an energy storage project with a potential capacity of 200 MW and is situated on approximately 25 acres. We invite you to our in-person public community meeting to learn more about the project. Should the project be awarded a contract by the Independent Electricity System Operator (IESO), Shift Solar will work on obtaining all required provincial and municipal permits while continuing engagement efforts with the community. Project updates and resources will also be made available on the Project Website:
